The Literal Figures, as I, II, V, &c. denote the order of the Differences under each Genus ; and the other Figures, the order of the Species under each Difference. So the word *Sheep* in the Dictionary is marked Be. II. 2. The meaning of which is, That the thing signified by that word is described in the Philosophical Tables under the Genus of BEAST, the second difference, and the second Species. And *Goat* is Be. II. 2. A. (i.e.) tis joyned as an Affinis to the same Species.

The Design of the Philosophical Tables is to enumerate and describe all kinds of *things* and *Notions* : And the Design of this Dictionary, is to reckon up and explain all kinds of *words*, or *names* of things.

And that the Reader may the better understand the usefulness of having all words set down according to their different Acceptations, and by what kind of Analogy they come to be used in such various fenses (which is one of the particular advantages of this Dictionary) I shall here select out of it one particular Instance, for each of these several kinds of words, viz. a *Substantive*, an *Adjective*, a *Verb*, a *Particle* ; by which it will be easie to understand any of the rest.

So the word *CORRUPTION*, according to that Notion of it which is

- { Primary and proper, doth denote the *Being*, or *Making* of a *thing*, *evil*, or *worse*, whether by
- { *Admixture* with that which is bad, and then it is of the same importance with the word *Defiling*.
- { *Privation*, as to a *thing*
- { *Being*, so corruption is *destroying*.
- { *Usefulness*, so corruption is *spoiling*.
- { Secondary, as applied to *things*
- { *Natural*, so Corruption will denote according to the Degree of it, either *Infection*, or *Decay*, or *Putrefaction*.
- { *Moral*, whether more
- { *General*, so it denotes the Evilness of the mind or manners,
- { *Unholiness*, *Viciousness*.
- { *Special*, so 'tis peculiarly applied to *Unhonesty* and *Bribery*.

So

To the Reader.

So the word *CLEAR*, may signifie either

- { *Entire* of it self; so clearly is *wholly*.
- { *Not mingled* with others ; so Clear is *simple*.
- { specially not with worse ; so Clear is *Pure*.
- { *Being free from impediments*, or not being hindered from *Being*, *doing*, or *receiving*, which notion of Clear may be often exprest by the Transcendental mark of Perfective. There may be Instances of it given in every Genus ; as particularly,
- { *Quality*, whether
 - { *Natural Power*, so a clear sight or understanding is a good f. or u. It is applied to the
 - { *Mind*, as a *clear Wit*, or *Spirit*.
 - { *Body*, so we say one is clear of sickness or pain, has a clear skin, &c.
 - { *Habit*, as a *clear Reputation*, that is a good R.
 - { *Sagacity* and *Sincerity* are thus called Clearness.
- { *Manners*, as *Clear Dealing*, that is Candor or Frankness.
- { *Sensible Quality*.
- { *Visible*, as *clear weather*, or *sky* or *water*, &c.
- { *Audible*, as *clear sound*.
- { *Sickness*, as *clear of any disease* (i. e.) not Infected, or not Diseased.

- { *Relation*.
- { *Civil*, as a *Clear Estate*.
- { *Judicial*, as *Clear of any Crime*.
- { *Military*, as *Clear Coast*.
- { *Ecclesiastic*, as *Clear of any Censure*.
- { *Being Done*, so Clear is *Easie*, or not difficult ; *Being Known*, so Clear is *Plain* or *manifest* ; *Being come to*, or *Passed through*, so Clear is *Accessible*, or *Passable*, or *Empty*.

So the word *DELIVER*, according to its primary fence, is the motion (Met.) or the passing of a thing, or of the Possession of it, or of the Power over it, from one to another. It is commonly used in relation either to the

- { *subject*, or thing deliver'd, whether
- { *Things*, so Deliver may signifie *Depositing*, *Paying*, *Resigning*.
- { *Words*, as to the
- { *Matter*, whether concerning
- { *Fact*, so Delivering is *Narration*
- { *Doctrine*, so Delivering is *Teaching*
- { *Manner*, whether
- { *Immediately* by
- { *Mouth*, so to deliver, is to *speak*,
- { *Pen*, so to deliver, is to *write*
- { *Mediately*, so Delivering is *Tradition*

Better

To the Reader.

Better condition to a worse, being used
 { Passively, so Delivering is *Dereliction*
 { Actively, whether
 { Involuntary, so Delivering is *yielding*
 { Voluntary, so Delivering is *Betraying*
Worse condition to a better.
Temporal, whether by way of
 { Prevention, so Delivering is *Preserving*, or *Causing to escape*.
 { Remedy, from
 { Captivity, so to deliver, is to *Uncaptivate*.
 { Bondage, so to deliver, is to *Unslave*.
 { Prison, so to deliver, is to *Unimprison*.
 { Danger of Child-birth, so to deliver, is the
 Active of *Parturition*.
Eternal, so delivering is *Redemption*.

So the Particle BY, is sometimes used in the sense of an Integral, signifying the notion of *Digression* or *Accessory*, as on the by; and is of the same importance with such kind of Negatives, as not *principal*, not *pertinent*, not *public*, not *ordinary*; as a *By-way*: And sometimes 'tis used to denote a common speech implying something of contempt, as a *By-word*.

Preposition

Causal,
Efficient, By such an Author.
Instrumental, Slain by the sword.
Final, or end, By reason of, &c.
Local or Temporal, being sometimes used in that same sense with those other Prepositions:
Before, as, By God, (i.) before God.
At, as, Come by, (i.) obtain, or come at.
In, as, by day, (i.) in the day time.
Through, as, by such a street, (i.) through such a street.
Besides, as, by the mark, (i.) besides.

Adverbs denoting the Circumstance of Nearness, whether

Local. So By, or hard by, is near such a Place.
Temporal. So By and by, is nearness in Time, signifying future (dim.)

Besides

To the Reader.

Besides those Phraseologies wherein the Particle is used to signify the Manner of things, as, *By the By*, *By the Great*, *By Retail*, *By it self*, &c. Which Phrases are to be expressed by the Adverbs Neuter of *Digression*, *Aggregate*, *Segregate*, *Solitary*, &c. So those Forms of Speech, *By course*, *By the day*, or *day by day*, *By degrees*, *By turns*, *House by House*, *Tear by Tear*, &c. are to be expressed by the Adverbs of *Course*, *Day*, *Degree*, *Turn*, *House*, *Tear*, with the Transcendental Note of *Segregate*.
